

Dear Commissioner Hennery,

I am writing to request your support for legislation that will require clear labeling of all genetically engineered (GE) foods (Docket No. ooP-1211/CPI). 1943 00 MAY -9 P2:16

I believe that as an American consumer, I deserve the right to make an informed choice when buying foods. Without labeling information, I will not be able to tell the difference between a genetically engineered and a non-genetically engineered product.

I strongly urge the FDA, USDA and manufacturers to suspend the further introduction of genetically engineered crops to the market without clear labeling guidelines and long-term environmental and human safety testing.

Thank you very much.
